

THE OLD LODGE

*The Venues of Choice for
Your Wedding, Your Way...*

Welcome...

We don't offer 'wedding packages' because we know that everybody has their own idea of what they'd like for their wedding. We do offer to help and advise you. We can recommend numerous local companies for services such as flowers, cakes, car hire etc. And will be happy to help find companies to supply anything else you may need, so if you'd like live music, fireworks, or anything else to make your day truly yours, talk to us. We'll check it's legal and source it!

At The Old Lodge we have spacious gardens with a marquee, a beautiful restaurant, cosy bar and intimate, smaller rooms, including the panelled room, to put at your disposal, as well as hotel accommodation for up to 12 people. Tippits Inn offers a lovely garden, restaurant and/or mezzanine area and the comfortable wood-panelled bar area with sofas and wood burner.

We also have plenty of parking available at both venues for guests who are staying elsewhere, whether they are arriving by coach, taxi, car, helicopter, sleigh, horse or parachute!

For your special day, nothing is too much trouble - just ask.

Detail

Our talented team will be happy to show you our set menu choices or work with you to devise a bespoke menu to suit your wedding plans, for a sit-down, formal affair; a buffet, a themed party or whatever you've decided upon.

If you know the sort of food you'd like, let us know, or if you're open to suggestion, tell us your likes and dislikes and we'll do the rest. You can rest assured that your food will be high quality, locally sourced and beautifully cooked and presented.

Relax

At the end of the day you can retire to the sumptuous master bedroom. At The Old Lodge all the bedrooms have been recently refurbished with beautiful furnishings, luxury linen and bedding with either a bath or a power shower. Sink into blissful, much needed sleep and wake to the gorgeous views across the common and a delicious breakfast with your fellow guests downstairs (if they can drag themselves out of their bedrooms).

With a dedicated wedding planner on hand to help, advise and organise, we can help turn your dreams into a gorgeous reality and we'll be on hand to take care of any last minute touches.

All you'll need to do is greet your guests, then relax, savour the experience and just enjoy your wedding day - your way...
